

James and Lindsey Morgan (Along with their 7 kids) live and work in a remote city of Chad, Africa. They are looking for an individual willing to come and live in Chad with them for one year and help them homeschool their children so they can focus on learning the local language. Their children range in age from preschool - grade 11 and would like someone to help either with their older three (middle school/ high school) or their younger three (elementary aged). Educational experience would be preferred, but is not required. An adventurous spirit, flexibility, cheerfulness in relating to children, and faith in uncertain circumstances are all qualities that would aid in this adventure/ mission. Funding can be raised to help cover travel costs, and all regular living expenses would be taken care of by our family. If you or someone you know would be interested in learning more about this opportunity, please contact James and Lindsey at themorgansinchad@gmail.com.
