Note about the Catalog

Each program at the institution maintains a catalog in which basic academic information related to the program's goals, expectations, admission, policies, accreditation, and other pertinent information is described. This applies to undergraduate, non-traditional (e.g., online, adult degree completion), graduate, and seminary programs.

Grace makes every attempt to provide information that, at the time of publication, most accurately describes the policies, procedures, and requirements of the institution and its individual programs.

The provisions of the academic catalogs are, therefore, to be considered a guide and not to be regarded as a contract between any student and the institution. Course content and institutional policies governing admissions, tuition, academics, and campus life are under constant review and revision.

Grace reserves the right to change any statement contained within the catalog at any time and without prior notice including academic provisions, policies, or requirements (e.g., modifications to classes, fees, personnel, academic policies, and programs) and the right to withdraw or amend the content of any courses described in the catalogs as may be required or desirable by circumstances. Grace will, however, make every attempt to give students reasonable prior notice to changes in policies and other catalog content when possible and rarely implements policy changes during an academic year.

Courses of study for non-traditional, graduate, and seminary programs and check sheets for undergraduate students may undergo revisions; however, these are typically implemented in the fall of the new academic year.

All students are expected to be familiar with the catalog(s) associated with their selected program(s) of study with the understanding that policies and procedures of their selected program(s) may change from year-to-year. The current year's catalog should, in most situations, be considered the catalog applicable to the student.

In some programs, students are asked to acknowledge in writing their receipt of the program's catalog.

Changes to an academic catalog that are necessary following the start of the fall semester will be noted as an addendum to the original catalog.

Archived catalogs are maintained by the institution's Academic Office.

It is each student's responsibility to schedule regular meetings with his or her academic advisor and to be knowledgeable about institutional requirements, academic regulations, and calendar deadlines specified in the catalogs and academic program publications. Students should read the catalog carefully and consult with an advisor to determine how these policies relate to their individual circumstances.
